Dear Prof. Chen,

It is my pleasure to invite you to visit the University of California at Santa Barbara in January next year for a period of two weeks (January 13–25). We will provide you with working space during your visit.

It will be good to have the chance to discuss your most recent findings on the Cenozoic basalts of eastern China and I can show you our labs here and bring you up to date on our recent work on the upper continental crust.

I look forward to your visit!

Sincerely,

A handwritten signature in purple ink, reading "Roberta Rudnick".
